 **POLARIS**  
**CUT  
MOWING  
TIME**

## POLARIS MOWERS

Mounted behind your Polaris ATV, a quality Pure Polaris mower greatly reduces mowing time and leaves your property looking great. Some models cut stems up to 5 cm in diameter. All feature powerful Briggs & Stratton® engines.

**SWISHER**®

Polaris mowers are designed and manufactured by Swisher®

Briggs and Stratton® is a registered trademark of  
Briggs and Stratton Corporation.

## POLARIS 44" (112CM) FINISH CUT TRAIL MOWER

PART # 2856668

*Our Finish Cut Mowers can be offset behind your ATV/UTV or ride on mower to greatly increase your cutting width, decreasing your cutting time.*

- FOR FINISH CUT APPLICATION
- Twin blades provide finish cut quality
- 44" (112cm) cutting deck
- Convenient single-point cutting height adjustment
- Easy left-to-right offset hitch for mowing ditches or under low-hanging trees
- Standard model comes with a 11.5 HP Briggs & Stratton I/C OHV engine
- Recoil Start
- Adjusts easily to match ride on mower cutting height
- Exclusive bumper/roller system protects against damage to trees and shrubs
- Anti-scalp rollers
- Rugged steel construction
- Universal articulating hitch
- Wide tires decrease rutting, increase stability
- Optional remote blade engagement with lock-out system (Part 4607)
- Welded deck constructed of 11 gauge steel
- Unit weight : 170 kg
- Also available 50" Cut (Part #2856669)

## POLARIS 60" (152CM) FINISH CUT TRAIL MOWER

PART # 2856670

*If you have a big mowing job you need a Polaris Finish Cut Mower.*

*Designed to dramatically reduce mowing time, Finish Cut Mowers attach to your ATV, ride on mower or other utility vehicle and are the ultimate time-savers for large lawns and paddocks with grass up to 6" (15cm) in height.*

- FOR FINISH CUT APPLICATION
- Three blades provide finish-cut quality
- 60" (152cm) side discharge cutting deck
- Standard model includes a powerful 14.5 HP Briggs & Stratton I/C OHV engine
- Easy offset adjustment for mowing ditches (up to a 15 degree slope) or under low-hanging trees
- True floating deck reduces scalping
- Easy variable cutting height adjustment handles
- Electric 12-volt key starter
- Convenient operating blade engage/disengage controls
- Exclusive bumper/roller system protects against damage to trees and shrubs
- Operator presence lock-out for safety
- Universal articulating hitch
- Large 2-gallon (7.5l) fuel tank
- Welded deck constructed of 11 gauge steel
- Unit weight : 226 kg
- Battery sold separately (Part #4140006)

## POLARIS 44" (112CM) TOW-BEHIND ROUGH CUT MOWER

PART # 2856672 | ELECTRIC START

PART # 2856671 | RECOIL START

*Clear a trail or a paddock year-round with this tough, dependable workhorse.*

*Tired of overgrown ditches, fence lines and paddocks? Hitch a Rough Cut Mower to your ATV or Ride On and clear the most rugged overgrown areas with ease.*

- For brush cutting applications
- Powerful 14.5 HP Briggs & Stratton I/C OHV engine (42" Electric)
- 12.5 HP Briggs & Stratton I/C OHV engine (42" Recoil)
- Cuts most woody materials up to 1-1/2" (5cm) in diameter
- Rugged 1/8" reinforced steel construction
- Two heavy-duty swinging blades
- Convenient single-point cutting height adjustment
- Rear discharge
- Remote engagement blade brake for safety
- Universal articulating hitch
- Easy adjustable left-to-right hitch enables you to cut to the left, right or directly behind your ATV or Ride On
- Welded deck constructed of 11 gauge steel
- Overall dimensions : 60" (152cm) wide x 53" (135cm) long
- Approximate Unit weight : 249 kg
- Battery sold separately (Part #4140006)
